VOL. VII. NO. 273.

CHICAGO, THURSDAY, NOVEMBER 14, 1901.

PRICE 5 CENTS

HORSES FOR NEW ORLEANS.

Yesterday brought about the finish of a memorable local racing season, one replete with good racing, record breaking performances, abundant patronage throughout and resultant prosperity to all of our local racing organizations. The hundreds of horses that have congregated here since last April are fast departing to the centers of winter racing, or to the quiet retirement of a let up in winter quarters, and local patrons will now have little to do in the line of their favorite diversion until publication of entries for the American Derby, the Brooklyn and the Suburban shall concentrate attention on the possible results of the big events of next year's racing campaign.

The great majority of the horses now here have been booked for New Orleans by Harry White and will start on their journey for that city tomorrow. Some half dozen strings will go to San Francisco and others will go into retirement at Louisville, Lexington and Memphis. The list for New Orleans is the most important and in part is as follows:

NEW BOOKMAKING WRINKLE.

One of the most novel propositions in the bookmaking line ever devised has resulted in furnishing bookmaker Paul Ridley with a \$75,000 "roll," with which he is now operating at Oakland. The details are thus set forth in a recent edition of a San Francisco newspaper:

This is the time of year the ponies commence their exertions in this state and people whose habit it is to risk their loose dollars on this horse or that are beginning to wonder if they will be able to pick 'em right.

It will be news to the general public to know that this year it will not have to beat the "bookies." A company capitalized at \$75,000 has been incorporated under the laws of Arizona, and anyone having \$50 can buy an interest in the bank roll that Paul Ridley is to manipulate this season.

Broadcast over this city and state has been east literature inviting these with a few gold pieces to invest to buy stock in the concern of "Ridley & Company." This literature explains the proposition fully. On the outside of the company's prospectus appears an embossed horseshoe, the symbol of good fortune. The pamphlet's contents have these paragraphs:

"This company is incorporated under the laws of the Territory of Arizona, thus insuring that its stock will be non-assessable and that there will be no stockholder's liability."

O'Connor took things altogether too easy on Duckoy, which finished fast but failed to quite get up. Searchlight ran his race. Edinborough appeared high in flesh, showed speed to the stretch and there quit badly. The others were outclassed. St. Sever, show, 2 to 5. Duckoy, show, 1 to 5. Searchlight, show, 2 to 1.

Off poorly he closed up fast on the far turn and stood a drive through the stretch in resolute fashion. Impromptu ran a fine race and did his best. Goldone showed plenty of early speed, but tired in the stretch. Horton did not like the going, it being too holding for him. Maresa showed a dash of early speed, but is high in flesh and should be improved by the race.

Winner—B. c, by Kingston—Flower Dellis. Went to post at 3:08. At post 3 minutes. Start bad. Won handily; second the same. King Dellis took kindly to the going and under a skilful ride came on fast through the stretch and drew clear after a sharp early drive. Saul of Tarsus ran a good race and finished strongly. Gibraltar and Clarando set a fast early pace and raced each other into exhaustion. Matt Hogan closed up some ground in the stretch run. Gusto was badly ridden.

NEW BOOKMAKING WRINKLE.

Continued from First Page.

"The stock in this corporation is offered for sale in blocks of not less than ten shares (at \$5 per share), and as it is the intention to keep as much treasury stock as possible, with the object of embracing the profits of those investing, we would suggest that those interested confer with us at once, as it is the intention to commence operations as soon as possible after the opening of the local racing season on November 3d."

"The sport" (horse racing), reads the prospectus, "will always remain an attraction to those who love the music of the jingle of the coin."

"What better field could be found for the operation of a cold, calculating percentage proposition than in an atmosphere where the value of money is hardly known and where the investor even if he loses at first is absolutely sure of retrieving his losses in the end?"

"The two important questions arising to any one seeking an investment are:

"First. The stability and financial soundness of the investment itself; its probability of suc-

cess or failure, and the amount of returns it will make in the shortest time.

"Second. The integrity and honesty of those who are guiding the destinies of the enterprise."

"In answer to the first question, namely, the soundness and probable success of a booking enterprise, we will say:

"Have you ever played the races?"

"If so, it is entirely needless to ask whether you were successful or not. The only proposition is, how much are you loser?"

"There are a dozen big racetracks in the United States that during their meetings will average an attendance of 2,000 to 3,000 people per day, and at the end of a racing season 100 players cannot be found who are ahead of the bookmakers to any extent."

Concerning the integrity and honesty of those at the helm of the enterprise the company has this to say:

"A board of directors will have full control of capital and the power to declare dividends."

"The book itself—that is to say the laying of odds and the manipulation of prices—can be made by only one man, whose capability must be unquestioned and whose integrity is beyond a doubt."

"In this connection we feel satisfied that the name of Paul Ridley will be sufficient guarantee to every one that the business will be honestly and fairly conducted. His standing in betting circles after fifteen years of turf operations is such that there can be no challenging his ability and squareness."

It is also frankly stated that "very often in these days, since nearly every one has become a student of public form, some horses seem to have such a slight chance that the bookmaker cannot get them backed at any price, and consequently they have to run 'for the book.'"

"As a general rule, however," Ridley and Company puts it, "bookmaking nowadays consists of the science of laying the lowest possible prices against the horse the public desires to back, thus making the public the guesser all the time and giving the bookmaker the benefit of reversals of form and accidents."

Another advantage Ridley claims for his scheme is that it makes it possible for those who lack expert knowledge and have not sufficient capital to operate a book of their own to use a means of investment which has been limited to and has remained in the hands of a "chosen few" who yearly reap immense profits and large returns.

NOTES OF THE TURF.

T. T., Chicago. The Amazon cut no figure except to the extent that she affected the betting and Ohnet should be counted as having run second at the probable rate that would have prevailed had The Amazon not been added. Same answer to J. & B.

GOSSIP OF THE TURF.

A good many eastern turfmen have been in the habit of decrying western form, and some of them thoroughly argued themselves to the belief that the western cracks haven't class enough to hold their own in the company of eastern fast flyers. It seems that the past season ought to knock this idea out of their heads, for certainly western owned horses have swept down on eastern fields with a vengeance and proved their superiority in many a hard fought field. That clever 3 year-old Blues has a long string of brilliant victories to his credit and Endurance by Right has established herself as a top notcher among the two-year-olds. Hernando came out of the west and proved himself more than able to hold his own. Advance Guard, another westerner, though he has been kept going for over two years, summer and winter, without a let up, proved another hard proposition, and on one occasion the light weighted one that beat him had to wipe out the track record to do the trick. King Pepper, Leonora Loring, Flora Pomona, etc., etc., are others that proved their quality in superior company, and western owners have captured a very fair proportion of the money. Again, it is a fact that during the past two years eastern track managers have been copying western ways in making their tracks faster, and that accounts for many of the new records that have been hung up on the Metropolitan tracks during the past season.—Canadian Sportsman.

"Joe Yeager, who has been a most successful race follower, will go into the breeding business quite extensively shortly. Mr. Yeager owns a farm of 250 acres near Atlantic, Ia., about fifty miles from Council Bluffs. This he is turning into a stock farm. He has recently built a modern stable and a three-quarter track on his farm, and is now busily engaged in buying up good brood mares and is looking for a suitable

stallion, George Withers, once a famous jockey, and considered an excellent judge of horse-flesh, is transacting Mr. Yeager's business in connection with his stud farm. Withers will manage the farm and train the horses. It is the plan to start out with a few good two-year-olds and three or four good jumpers for campaigning purposes. The jumpers will be ridden by Withers. Negotiations are now on between Withers, acting for Mr. Yeager, and H. J. Scoggin, the noted Kentucky breeder, for the purchase of a number of highly bred brood mares, in foal to Dr. Rice. Withers intends to attend all the big sales this fall, also, and buy up mares. It is very probable that Rancocas, sire of Ranco, Sad Sam and others, will be the Yeager stud. Rancocas is at present owned in Texas. "Mr. Yeager's farm," said Trainer Withers recently, "is the most beautiful spot in that section of Iowa. It is known as the Polk Bird Farm. The climate there is most suitable for breeding purposes. There is an early spring and a late fall, and the grass is green the year around. The Rock Island railroad runs right around it, and you can see a train fifteen miles away. A splendid stable has already been built, and a three-quarter track is just being completed. It is an ideal spot, and I think that some day the Polk Bird Farm will be well known on the turf." Mr. Yeager is a Cincinnati boy. He lives in Norwood and is a son of Colonel Bill Yeager.—Cincinnati Commercial-Tribune.

CHICAGO RACING ENDS.

The cracking good card presented by the Lakeside management yesterday for the last day of the meeting drew out one of the largest crowds that has visited the track in the last fifteen days. When Baird passed successfully under the wire in the last race the local racing season of 1901 was a thing of the past. The betting was brisk and heavy, which is usually the case on getaway days. The feature race of the day was the fifth, a dash of one and an eighth miles, for three-year-olds and upward. Hildreth's entry, Rolling Boer and Searcher, was made a 7 to 10 favorite, while as good as 11 to 5 could be had against Ontas. Rolling Boer proved to be much the best, lying within easy distance of the leaders until well straightened away for home, where Coburn called upon him, and he came away with a fine display of speed, winning by three lengths, while Odnor finished one and a half in front of Denman Thompson for second place. Ontas, while he made up much ground in the last quarter, failed to show that great speed burst that characterized his recent races. Searcher had enough when a furlong out.

Federal was dropped into an easy spot in the fourth race, an owners' handicap at seven furlongs, winning rather easily from Pyrrho by a short length, with Malay an indifferent third. Malay closed up fast in the last eighth nipping the tiring Lennep by a head on the post for third money. The track had dried out too fast to suit Lennep.

Vulcan had the peculiar distinction of beating the best sprinters in the west when he took the third race, a dash of five and a half furlongs, in a desperate drive by a short length from Burnie Bunton, which beat Little Jack Horner six lengths for second place. Vulcan made up ground fast in the last quarter. Burnie Bunton tired slightly when the screws were put on. Money Mues finished a dismal last. He is probably in need of a good long rest.

The day's opener, a six furlongs sprint, went to the long overdue Maggie Davis, which beat B. G. Fox rather handily by a length. The latter finished fast and just got up in time to beat Sam Lazarus, Esq., by a head on the post for second place. Sam Lazarus, Esq., improved somewhat suddenly and showed to much better advantage than he showed the day before. Olekma appeared to be the winner when a furlong out, but tired badly when the hard drive came.

Inspector Shea repeated his good race of the day before, taking the second race, a scramble of five furlongs, by a length and a half from Rag Tag, which beat Hoodwink one for second place. Rag Tag improved suddenly and ran back to his best form. Aegin and Amigari ran well for a half mile. Stella Perkins showed improvement.

The mile and a quarter race resolved itself into a hot duel between Charley Moore and Ben Chance, the former winning by a nose. Admetus finished third six lengths back. Charley Moore appeared to be an easy winner in the last eighth, but along in here Ben Chance came with a rush and would have been returned the winner in another stride. Glissando showed well for a little over a mile.

The last race of the local season for 1901 was taken in a canter by Baird, which beat Evelyn Byrd three lengths. The latter finished as far in front of Woodstick for second place. Red Apple and Isabay showed well for seven furlongs.

JOCKEYS HANDICAPPED.

DAILY RACING FORM will from now on publish each week a table of the rating of the jockeys riding at each track based on their performance in the saddle. The best riders at each track will be given the uniform rating of 100, and from that point the others will be graded down according to their estimated relative skill. For a difference of five points between the jockeys a corresponding five points change in the handicap figures assigned the horses in any race must be made. Only riders frequently in the saddle will be given a place in the tables. The following is the rating of the jockeys now riding over the various tracks:

GOSSIP OF THE TURF.

Says the San Francisco Chronicle of last Sunday:

"It looks as though Emperor of Norfolk has reproduced himself in Cruzados, which colt captured the Produce Exchange stakes yesterday for two-year-olds, at six furlongs, in a common canter. Cruzados gave a wonderful exhibition of speed and spreadeagled his field in the first quarter of a mile, running the six furlongs in the excellent time of 1:13 $\frac{1}{2}$, which he doubtless could have reduced by at least three-quarters of a second had there been any other horse in the race to make him extend himself. Last spring Cruzados showed exceptional form, but the opinion prevailed among trainers that the son of Emperor of Norfolk was not up to a bruising race. W. J. Speirs, who trains the Santa Anita bred colt, had expectations of winning this stake with Escalante, but at the eleventh hour it was found that he was ineligible. This fact became generally known and the result was that Glendenning carried the public's money to a great extent. Cruzados receding to 3 to 1 in the betting. The race practically needs no description. There were nine starters, including two or three very speedy youngsters, but the way Cruzados ran away from them all was a revelation. He stepped the first half in 47 $\frac{1}{2}$ seconds, and everything else behind him was hopelessly outfooted, even Glendenning, a very fast youngster, failing to get within striking distance. Cruzados is a slashing-looking son of Emperor of Norfolk and Atlanta II. and was bred by E. J. Baldwin at Santa Anita. He is the fastest colt ever sired by Emperor of Norfolk, with the possible exception of Ray del Carredes, which was purchased by Richard Croker to race in England. While Cruzados did not beat a really high class field, he showed unmistakably that he was the best two-year-old now in training in California, and he promises to be the winter favorite for the California Derby."
